

SERVICES OVERVIEW

SEARCH DIVISION

FINANCIAL SERVICES

StevenDouglas founded the firm in 1984 specializing in Finance & Accounting recruiting, with a focus in many areas of Financial Services. There is no denying that from supply chain to retail, all the way to wealth management and family offices, companies across all industries need premier financial talent to increase revenues, navigate through taxes and compliance, reduce costs and manage regulation. StevenDouglas is an expert in finance services recruiting, and continuously delivers the top professionals clients need to drive business and have a successful impact in their role.

The financial landscape and guidelines are constantly changing, and there is a continuous demand for quality employees. From global competition to domestic policy, the business environment is always rapidly evolving. StevenDouglas offers finance specialists and key advisors to match the right talent with a company's goals and culture.
