

Interim Resources Service Overview

Overview

Our Interim Resources Division helps businesses effectively manage change by providing them access to experienced and talented consultants on an as needed and variable basis. Whether a company is going public, implementing, upgrading or developing systems, integrating an acquisition, preparing for an audit, or simply backfilling a critical open position or covering a medical leave, our Associates leverage their broad business experience to help get the job done with virtually no hand-holding. For over 40 years, companies have turned to StevenDouglas when they need access to highly qualified talent to build their organizations. We specialize in providing access to talent on an interim and project basis in the following disciplines:
